

Class of 2028 EVERLEIGH PORTER

HIGHLIGHTS

"Such a fun player to watch. She's a USA futsal international for good reason. Her close control and footwork is absolutely outstanding. She creates space on the dribble for a shot or through ball with exceptional precision." -Nikolai Littleton, Prep Soccer

SOCCER

De Anza Force ECNL 2010 #9

Versatile midfielder

Primary positions: 8, 6, 10, 9

Class of 2028 EVERLEIGH PORTER

Articles & Media Links

[June 15th Gems – Top-level ECNL Players from CA and AZ](#)

"Her ability to be an impact player at multiple stages will definitely get her a bunch of calls on June 15th... One of her strengths is having the ability to make an impact as a playmaker and scorer. Her high soccer IQ and 99th percentile PSAT score will definitely put her in a position for a high-major ACC or Ivy League program."

[High Schooler's Ballin in USL W League](#)

"Everleigh Porter is the only player at Olympic Club that is under the age of 18. She played the entire game against [SF Glens in a 4-3] win for her side. Porter impresses me every time I watch her play she's so clean on the ball... Xavi like."

[International Competition by U.S. Based Players](#)

"Everleigh just got back to the Bay Area after winning an ODP Far West Championship. It happened only a few days after returning from competing in Europe with the U.S. Youth Futsal team (USYF). This is her third year competing with a USYF team. In 2024, she served as a captain of the U-16, which won the 2024 World Championship in Malaysia.

Everleigh is an elite player who I've evaluated at the high school, ECNL, and USL W-League. She excels as a playmaker and scorer. Her quick cutbacks give her separation to quickly fire shots or to make precise passes to open players. Her ability to be an impact player at multiple stages will definitely get her a bunch of calls on June 15th."

[California 2010's Who Shined at the Best of the Best](#)

"Porter is a tremendous midfielder with terrific upside. She can play in multiple spots, but I like her as a No. 6. She brings No. 10 skill and creativity to that spot while maintaining the principles of the holding spot. She loves to turn and exploit space and she will take defenders on. Her ability to turn and play a pinpoint ball makes it seem like she has eyes in the back of her head. She just has such awareness that she knows where everyone is."

[Top Performer: Everleigh Porter](#)

"Everleigh is not only one of the very top 2010 players we've assessed through The COPA Score, she's already displaying the technical proficiency and stress tolerance of an elite college player. Her COPA Score data confirms her elite abilities compared to college players. Everleigh's ability to scan, process, and execute at a high level sets her apart."

[Top Players from COPA x Racing Louisville Talent ID](#)

"Porter is a phenomenal playmaker. She has incredible foot skills and is really good at playing penetrating balls in behind the oppositions back line... Her off-ball movement is like watching a professional."

[COPA Pro Pathway: A New Approach to Talent ID](#)

"The most impressive 2010-born performer from a COPA Score standpoint... This players potential is exciting – pro clubs, take note!"

[Players to Watch: ECNL Girls Phoenix National Event](#)

"Porter has played admirably this season for the De Anza Force 2010 ECNL team while also playing up with the 2009 ECNL squad as well. She has an elite futsal background, playing at the highest level with the U.S. U-16 Futsal National Team and capturing a world championship. Her technical skills and speed of play reflect her futsal prowess, making her a coveted prospect from an excellent De Anza Force program."

[Six Stars Making Noise in the Bay Area](#)

"One of the most talented 2010 players in the region, Everleigh's midfield intelligence and consistency stand out. Her elite cognitive metrics and sharp accuracy scores match the way she reads and solves the game under pressure. Already attracting interest from top academic and athletic programs she's on an exciting path to playing at the highest level."

[Everleigh Porter Spearheads the Knights to CCS Finals](#)

"Porter, freshman midfielder, was most valuable player in the match. She opened up the scoring in the first seven minutes of the 2nd half by picking up a loose ball sent from a throw-in just inside of the 18. She quickly brought it under control and sent it to the back post. Her ability to make precise passes and quick decisions can be attributed to her experience playing on the U.S. Futsal U16 National Team."

[Youth Movement Coming to California](#)

"Porter is a player that understands the value of being versatile as she can play any of the three midfield positions, and she can also play as a striker...She can score from range, sometimes quite far out, and she finishes inside the area very neatly. She has a nuanced understanding of space. She is a very aware player, knowing where to be and when to be there, and she shows this on the ball as well as off of it. She leads her teammates into space when she plays a ball, makes great decisions as she shows advanced vision."
